SISTec-R

OBJECTIVE

To become a one-stop solution for students in order to build their successful career.

VISION

To become an institution of excellence in Science & Technology, by imparting world-class quality education and relevant training; producing skilled, competent & innovative workforce having social and ethical concern towards nation building.

MISSION

- To establish a student-centric academic ecosystem enabling them to acquire & retain domain knowledge, develop lifelong learning attitude and maintain professional ethics.
- To induce career-oriented, industry-relevant skills in students, by means of appropriate & updated training modules for their overall grooming.
- To provide state of art facilities and infrastructure to facilitate seamless dissemination of technical knowledge and spirit of innovation among students.
- To foster collaborative development through industrial tie-ups and research, so that the students can serve the society.
- To enable continuous development of teachers, thereby ensuring updated knowledge transmission to our students.

Expert Sessions

Bridging the Gap: Enhancing Academia-Industry Interaction

The Department of Electrical Engineering hosted an expert session under the IEEE Student Branch, aimed at bridging academics with industry expectations.

Dr. Durgesh Gupta, GM - Corporate Quality & Business Excellence, BHEL India, delivered an engaging talk covering BHEL's operations, emerging tech trends, and key skills for future engineers. He also connected the Bhagavad Gita's teachings to modern challenges, emphasising purpose-driven decision-making and excellence.

Expert Sessions

Lean Startup and Minimum Viable Product Business

The Department of Electronics & Communication Engineering, under the banner of the Institution of Electronics and Telecommunication Engineers (IETE) Student Forum and the Institution's Innovation Council (IIC), organized a session on Lean Startup and Minimum Viable Product Business.

Dr. Ashish Mishra, Assistant Professor at SISTec Business School, gave valuable insights and practical strategies for entrepreneurs and innovators to develop and test business ideas.

Felicitations

NPTEL

The Departments of Computer Science & Engineering, CSE with Artificial Intelligence & Machine Learning, CSE with Internet of Things, and Electrical Engineering felicitated their students and faculty for completing various NPTEL (National Programme on Technology Enhanced Learning) Courses. Two faculty members were felicitated for completing the Wipro TalentNext Digital Skills Readiness Program certification.

Felicitations India Design Week

The Department of Mechanical Engineering felicitated its students and faculty for securing 4th place nationwide in the 24-hour Challenge during India Design Week 2025 – North India, organized by ICT Academy and powered by Autodesk. Out of over 600 teams, only 65 were shortlisted. Two teams from the department made it to the finals, and one of them aced the challenge.

Celebrations

World Environment Day

SISTec-R celebrated World Environment Day with a special plantation drive, adding a variety of medicinal plants to the campus Herbal Garden. Held under the theme "Plants as Biosynthetic Laboratories of Medicines," the event emphasised nature's vital role, especially medicinal plants, in healthcare and pharmaceutical sciences.

Celebrations World Environment Day

The Department of Civil Engineering organized World Environment Day celebrations with a two-day program on 'Global Environment and the Indian Knowledge System,' supported by MPCST Bhopal.

The event also featured a plantation campaign on campus. Program highlights included expert talks by Dr. M.S. Chauhan on sustainable development and water conservation, and Dr. Narayan Vyas on environmental conservation through ancient Indian knowledge. Students actively participated in poster-making and presentation competitions.

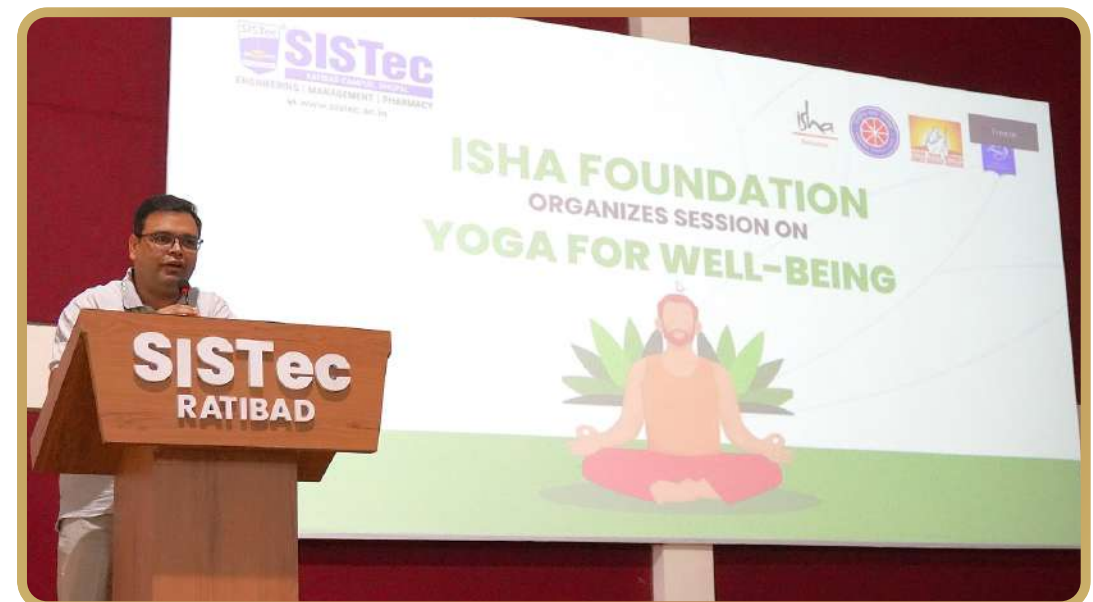

Celebrations

International Day of Yoga

We organized a rejuvenating session titled 'Yoga for Well-Being' on the occasion of International Day of Yoga in collaboration with the Isha Foundation.

The yoga session focused on practical techniques for physical and mental well-being. With an emphasis on stress management and meditation, participants experienced a holistic approach to wellness, cultivating self-awareness and inner balance. Through this engaging session, individuals discovered the transformative power of yoga in promoting overall health and well-being.

SAGAR GROUP

'Sagar Group', an invariably embraced mega-conglomerate, is actively contributing towards Atma Nirbhar Madhya Pradesh, and thus, India's economic pace. We believe that the prime aim of life must be to uplift others.
